

WAVES National (WN) has partnered with VeteransPlus and their Yellow Ribbon Program as a fund raiser. WN will receive 50% of the proceeds from each vehicle auctioned on behalf of WN.

If you have a vehicle to donate, whether it is a car, truck, motorcycle, boat, personal watercraft or even an aircraft, contact VeteransPlus at www.yellowribbonvehicles.org or call 877-751-8080.

The Yellow Ribbon Vehicle Program solicits the donation of motor vehicles, including cars, trucks, motorcycles, boats, personal watercraft and even aircraft from the public for the benefit of the member organizations. VeteransPlus will arrange to have the donated vehicle picked up within 24 hours or less and delivered to auction. In exchange for vehicle donations, the **donor will receive a tax benefit** in the form of a charitable deduction (1098C) equal to the amount of the vehicle's auctioned sale price.

The Yellow Ribbon Coalition is comprised of non-profits who share a common cause: Supporting Service members, Survivors, Veterans and their families. Through your vehicle donation you are demonstrating your commitment to do the same. While many Americans may not have money to donate, our vehicle donation platform allows used and old vehicles like cars, trucks, motorcycles, boats, jet skis, farm equipment and construction equipment to be turned into cash for the partner organizations and their missions.

By participating in The Yellow Ribbon Vehicle program, you can take pride in knowing you are supporting our military service members and veterans by providing them with financial assistance, employment services, housing assistance and more.
